"Loving God In All We Do."

A message from the Headteacher

Dear parents,

As we end the spring term, I would like to thank all the children, staff, parents and parishioners for providing a wonderful childhood for our children. This term our children have received numerous curriculum opportunities I hope they have all really enjoyed every opportunity. These opportunities are only possible because the people who work tirelessly for our children. A quick scroll through our Twitter account demonstrates this point. There have been so many occasions over the past weeks to celebrate our children's learning it proves almost impossible to thank everyone individually. The thought to take into our Easter holidays is this; our children are delightful and our school family is exceptional.

After many, many years of dedicated caretaking service, both Mr and Mrs Harrison are retiring this summer. They have both been an essential part of the school over past years. Their commitment and loyalty to our school has been, and continues to be, exemplary. Their knowledge of our school will be greatly missed as will their friendship. I know the school family will wish them every happiness in their retirement.

During the school holidays, Endeavour Holiday Camps will be operating at St Anne's. St Anne's employ the coaches from West Lancashire Sports Partnership in school to teach PE and the same coaches are involved in the holiday camps. We hope this partnership will help provide an option for parents who struggle to find childcare during the school holidays.

Our wonderful 'Abbey Road' CD is available in school to purchase. We have sold hundreds of copies already and if anyone would like to buy a copy please ask at the main office.

Wishing you a wonderful Easter holiday,

Mr P Bates

Headteacher
